On Oct. 5, 1981 President Reagan made
 a statement about an honorary American citizen. Since that
 time the President has expressed hope that ~~Wallenberg~~ may
 be freed someday. He also stated that he would work toward
 this end.

I received a letter from the State Dept. in
 answer to my inquiries about Wallenberg, and it stated
 essentially what the President said above. Secretary Schultz
 has made two inquiries about Wallenberg this year.

I feel an opportunity, non-present, to
 possibly free Mr. Wallenberg. An alleged KGB major and wife
 Svetlana Ogaronikova - and her husband were arrested
 for espionage against the U.S. two days ago in L.A. They are
 being held without trial.

I implore you to use your good discretion
 and help arrange a trade for Wallenberg using these two
 Russians. If and when it is possible. You have the power
 to get the ball rolling. It may be politically risky
 if we do think this may work out anything to save Wallenberg.

One of my fondest possessions is a picture of the people taking part in the ceremony
 marking Wallenberg as honorary American citizen. It
 includes, amongst others, the President and yourself.

With hope for Wallenberg's freedom.
